

Age Expression Eliminator- Lift & Tighten Formula

As we age, the effects of time and experience become increasingly pronounced. Wrinkles and expression lines expose our age and significantly alter our appearance. Fortunately, we can reverse the aged appearance by using powerful tightening and lifting ingredients in a remarkable topical treatment, that offers visually stunning results in an instant.

This is a miraculous lifting and tightening formula that produces this instantaneous illusion of age reversal. Rapid Lift is a complex blend of peptides, antioxidants, and hydration that ensure a more youthful complexion in an easy to apply, portable solution

DAILY APPLICATION

Use as needed.

DIRECTIONS

Apply to clean skin, using ring finger, gently smooth and tap a thin layer over facial lines and puffiness under eyes. Do Not Rub. Keep face expressionless until dry. If white residue is visible, smooth over that area with damp finger.

HOW IT WORKS

This remarkable product is carefully formulated with a composite blend of 5 peptides that obtain control of facial muscles to decrease facial tension. Each peptide communicates efficiently with cells to diminish muscle contractions that often cause lines and wrinkles on the face.

Hyaluronic Acid is infused into Rapid Lift for its hydration retention capabilities. Naturally present in the human body to provide structural support for cells, when topically applied to the skin, Hyaluronic Acid binds to moisture and restores the full and youthful appearance of the skin.

In addition to the tightening and moisture retention benefits, Acai Fruit Extract is supplemented to give the skin an antioxidant boost. Polyphenols within the Acai Palm Extract help to defend the skin from environmental aggressors that cause further aging and damage.
